Master Your Own Environment

Pirouette® Window Shadings

- Fully open the vanes to provide a clear view to the outside through the sheer
- Slightly raise the vanes for a gentle contoured look, while still maintaining privacy
- Flatten the vanes for a smooth, contemporary finish
- Ten distinctive core-line fabrics and three beautiful Alustra® fabrics available

Product Features and Benefits

- Precise light control
- Superior view-through
- Complete versatility
- Two vane sizes: 4" and 5"
- All fabrics, colors and vane sizes available in both light-filtering and room-darkening opacities
- Choice of four proven operating systems
 - EasyRise™
 - UltraGlide®
 - SoftTouch™ Motorization
 - PowerView® Automation

Introducing ClearView® Shadings

Pirouette® ClearView® shadings are crafted with a specialized black sheer that provides superior view-through along with the light control and UV protection Pirouette shadings are known for.

- Available in 3 fabrics
 - ClearView Satin, ClearView Satin Metallic™ and Alustra® ClearView Apollo™

Visible Color and Texture

The 2020 Pirouette® fabric collection features five new fabrics and refreshed colors in existing collections.

New Fabrics
